

INTERNATIONAL INVESTOR CONGRESS
PRESENTS

CCC Forum

Monaco 2021

The 6th in-person edition of CC Forum "Investment in Sustainable Development" will take place on 6-7th July 2021 in Monte-Carlo under the High Patronage of HSH Prince Albert II of Monaco in partnership with International Investment Congress 2021. The event will be followed by 7th edition of CC Forum in London in October 2021.

5 April saw the signing of the Agreement about creating the alliance of the biggest investment funds as well as the plan of development up until 2030. 6th edition of CC Forum & International Investment Congress will be a platform uniting the owners of multi-million assets represented by the alliance. The overall amount of investment is circa 2,4 billion USA dollars which is to make it one of the world's largest pools of capital. The participants' investment portfolios have a large spectrum across all sectors of the world economy.

"The Alliance's investors are listening to the science which is guiding us towards sustainability", Ms Anna Stukkert, President of International Investors Congress says.

"Extracting profit should be incorporated into a larger agenda which should include resolving environmental issues whilst emphasising the social problems. Both principles should be at the heart of the modern corporate strategies. Emerging technologies like blockchain and AI can play a significant part in fighting some of the existential issues we are all facing today", according to Mr Max Studennikoff, Chairman of CC Forum.

CC Forum tagged by some journalists as a green Davos will feature four core ideas:

- Investment solutions to environmental issues;
- Social impact
- Profit-making
- Prospects and business opportunities during and post Covid19

As aptly said by Albert Einstein, "a crisis of any nature can provide amazing opportunities". Indeed, even the hard times we are all going through today can be considered as a catalyzer towards rethinking the global paradigm and building a more sustainable world.

CC Forum is a global platform on which governments present their initiatives, where scientists showcase their discoveries, where big and small companies make global statements and where the savviest of the investors connect to the brightest of startups.

CC Forum covers a wide range of issues related to investment in sustainability including Climate Change, Government Strategies, Green Energy, Waste Management, Healthcare, Education, Finance, Emerging Technologies, Philanthropy and Social Inclusion.

The previous 5th edition of CC Forum "Investment in Sustainable Development" took place on 31st March - 1st April 2021 in Dubai. The UAE has been at the spearhead of the transition from fossil-based economy toward a knowledge based economy and greener energy. The event provided high ranking officials, impact investors, high net worth individuals, members of the royal families and public figures with an opportunity to brainstorm and discuss possible solutions for a more sustainable future.

"Covid19 should accelerate the transition towards a sustainable and inclusive green economy, not retard it", as has been pointed out by Mr Qais Alnuaimi, Head of the Climate Change Department of the UAE's Ministry of Energy.

The first edition of CC Forum was held in London three years ago and convened top leaders and influencers.

This was followed by significant developments for CC Forum and its Chairman Mr Max Studennikoff:

- London, September 2019: CC Forum London "Emerging Technologies for Sustainable Development" received a royal greeting by HM Queen Elizabeth II where she sent her good wishes for the upcoming forum.

- London, October 2019: CC Forum London took place at Queen Elizabeth II Conference Centre in central London which saw the participation of Mr Nouriel Roubini, a world renowned economist, HSH Prince Michael of Liechtenstein, Tim Draper, the investor, Lord Marland of Odstock, Chairman of Commonwealth Committee and other high profile speakers. A dedicated reception at the House of Lords of the British Parliament was held sponsored by Lord JD Waverley.

- Monaco, August 2020: Mr Max Studennikoff was given an audience at Grimaldi Palace by HSH Prince Albert II of Monaco where the details of the upcoming Monegasque edition of CC Forum were discussed.

- Monaco, September 2020: CC Forum Monaco "Investment in Sustainable Development" was held at Fairmont Monte-Carlo under the High Patronage and in the presence of HSH Prince Albert II of Monaco. The forum featured a stellar line-up including Ban Ki Moon, Dame Jane Goodall, Stanley Johnson, Julian Lennon, Tim Draper, Per Wimmer and Gunter Pauli. The forum culminated in the traditional Investors' Gala Dinner & Awards Giving Ceremony at the iconic Sporting Monte-Carlo which saw the performance by the legendary Maestro Placido Domingo accompanied by the soloists of Montecarlo chamber orchestra.

A strategic partner of CC Forum is Triglobal Capital Partners (TGCP), an international investment partnership advancing the mission of sustainable development via timely creation and effective management of investment projects in real estate, agriculture, healthcare, energy, and digital technology.

The other partner of CC Forum Middle East was Schloss Krumbach International School, a co-educational boarding school for 12-19 year olds located in an ancient Austrian castle, a sustainability oriented institution reinterpreting best teaching traditions of Europe to work in sync with the cutting-edge technologies.

The event was supported by Nexus Worldwide, a leading UAE-based event management company specialising in organising a wide range of sports, leisure and cultural events.

Over the past three years a number of global announcements have been made at CC Forum's editions which included the launch of 1 billion dollar Fusion Bank in London, a ceremonial unveiling of the rebranded Delage hybrid car worth 2,4 million euro (1100 h/p, 650 km/h) in Monaco and the launch of 2 billion US dollar Triglobal Capital Fund in Dubai.

The 6th edition of CC Forum will take place in Monaco under the High Patronage of HSH Prince Albert II of Monaco in partnership with International Investment Congress in Berlin. The nominees for CC Forum Sustainability Awards include the famous founder of Lord of the Dance Show philanthropist Michael Flatley. Entrepreneur Sir Richard Branson and HRH Princess Victoria of Sweden and philanthropist Michael Flatley have also been offered Sustainability Awards by CC Forum's Organising Committee.

- Dubai, March 2021: Mr Max Studennikoff, Chairman of CC Forum was received at the Palace of His Excellency Sheikh Awadh Majrin bin Sultan.

-Dubai, April 2021: 5th edition of CC Forum "Investment in Sustainable Development" was held in Dubai. The participants included MrQais Alnuaimi, Head of Climate Change Department of the UAE's Ministry of Energy, billionaires Mishal Kanoo and Sanoj Dhamindranath, HH Sheikh Saqer Al Qassimi, HH Sheikhha Noora of the Kingdom Bahrain, HH Sheikhha Hend Al Qassemi. The important part of the event was its Gala Dinner & Awards Giving Ceremony at Dubai Opera House which featured the historic joint performance by two stars of classical music the violinist Maxim Vengerov and the pianist Evgeny Kissin.

The official partner of CC Forum Middle East was NAUKA - a life long learning platform for the present and the future. NAUKA which is being launched in 2021 is working alongside founders of the new technologies to help them envision in detail the range of new future jobs. Nauka World is to transform our lives' shape and form through its global virtual online education for one's participation and immersion today with the science of tomorrow as it strives to apply virtual reality and nano science to create the leaders of tomorrow.
